At Claybrook Farm, near Covington, TN, 2 miles north on U.S. Hwy 51, east 1 mile on Antioch Hwy. Just like going to the Covington airport.

Terms & Conditions:

All Cattle sell under the standard terms and conditions of the American Angus Association. Terms of sale are cash.

Open House Bull Sale

November 20, 2010
35 Fall Yearling Bulls

Welcome to the Claybrook Female Sale. It has been seven years since our last female sale. These females will come right out of the heart of the herd. As you will see going through the catalog we have stayed with our breeding philosophy of using strong maternal traits and bulls that last. The old Traveler, Rito and Shoshone breeding just keeps getting better, you know what you are going to get.

We believe this is a very useful set of females that will add to the Angus breed. These are productive females that are bred to calve in the calving seasons of Fall and Spring.

The gene pool of these cattle will not have to be DNA tested for defects. The EPDs that we are putting in the catalog are BW, WW, Milk, YW, Marb and RE. We just don't believe in the rest of them. The No. 1 way to select cattle for a breeding herd is ratios, and our main ratio that we focus on is the nursing ratio (NR). We have been keeping records on all of our cattle since 1968. You are welcome to get all the information that you need to run your breeding herd.

We are a very healthy, clean herd with annual shots of IBR, BVD, BRSV and PI3. Once a year we worm with two types of wormers to clean the cattle, as well as feed a good mineral program. Then they eat forage like a cow is supposed to do.

We feel that this herd is at its best level of health and genetics ever. We are very proud of our herd bulls and looking forward to the young generation of cattle. This is an interesting time in the cattle business. We are living with the best food producers in the world, but everyone is trying to steal from us. We need to hang on to them and their resources, do not let the big companies such as Tyson (IBP), Cargill and Smithfield have a piece of this.

We hope that you can come to our sale. You are welcome at the farm anytime.

Dave Turner

Footnote is from Greg Golden, producer. He is a calving ease bull and his calves show excellent performance. You won't find any better daughters than the Black Cedar daughters. Quiet dispositions, excellent udders and the want to be mothers. The Black Cedar cattle are strong topped, easy fleshing, thick butted and moderate framed. Black Cedar has become popular through his proven progeny.
