My performance numbers this year remind us why EPDs are more important than raw weights. My spring calves, given the long, cold, muddy spring and wet summer, attained lighter weaning weights than normal. Bull 537's dam has a CI of 360 days a NR of 107.

# 538

Lots 640, 642, and 643 are ET flush brothers sired by Image Maker out of our "3111" donor cow. "3111" came from the Gary Ward dispersal and has never missed producing a heavy calf. She has produced 6 progeny with a 103 IMF and 105 REA. Dam is extremely long bodied, beautiful uddered cow.  
**Selling 2/3 interest and full possession.**

This long, deep correct bull is out of the best Pathfinder dam we own. He calved unassisted, was mountain dryland raised without creep. His adj. 205 of #900 speaks for itself. The dam is a moderate framed cow with a perfect udder.  
 Selling 2/3 interest and full possession.

Grandam's Production 6 NR 106, 5 YR 108. From a very good maternal and productive cow family. Grandam is a maternal sister to the dam of the Accelerated Genetics sire TCA Blackhawk. Lulu 34 has produced progeny that average 5@110 IMF, 5@101 REA, 5@85 Rib Fat, 5@76 Rump Fat. Great prospect here.

Selling 2/3 interest and full possession.

# Don't let 'em leave home without one!

If you have calves to market, don't let them leave home without an AngusSource® tag. AngusSource adds value to your Angus-sired feeder cattle and replacement heifers by:

- Guaranteeing Angus genetics
- Verifying source and age
- Opportunity to qualify for *Certified Angus Beef®* regardless of hide color.

## Enrolling in AngusSource

### 1. Become a Producer Participant

To be eligible to supply calves to the AngusSource program, producers must have Angus-sired calves that originate on their operation, use registered Angus bulls, have management practices that allow for the identification of calves that are Angus-sired, and keep calving records that document the birth date of the oldest calf.

- Complete the AngusSource Producer Participant Enrollment Form and Agreement. Download forms at [www.angussource.com](http://www.angussource.com) or request by calling AngusSource.
- **These forms must be completed and returned via fax or mail to AngusSource before enrolling calves.**

### 2. Complete Training/Enroll Calves

Calves must be enrolled by the ranch of origin, sired by a registered Angus bull and have known group age. There is a \$50 fee for each enrollment. Visual tags are \$1/tag, matched-pair sets (radio frequency identification (RFID) button plus matching visual tag) \$3.25/set. Allflex tag applicator is \$17.50 (must use the red Allflex applicator to apply these tags).

- Complete training and enroll calves by calling AngusSource.
- Provide enrollment information to AngusSource and submit any required records.
- Choose a tag option. For \$1/head, receive a full-size laser-ink printed visual ear tag with customized in-herd management number. A RFID-matched pair (visual tag and an electronic tag) is available for \$3.25/head.
- Tags will be delivered 7-10 business days after enrollment is processed. Tag only those calves enrolled in AngusSource.

### 3. Print/Customize AngusSource Verification Certificate

- AngusSource Verification Certificates are generated for each lot of enrolled calves. Certificate includes the genetics, source and group-age.
- Access and customize/print certificates online, at [www.angussource.com](http://www.angussource.com) or by calling AngusSource.
- Customize the AngusSource Verification Certificate for feeder calves or replacement females. If marketing information is included, a listing will be activated on the AngusSource Web site for up to 90 days prior to sale date and is e-mailed to nearly 600 potential buyers.
- Print certificate to provide information to potential buyers.
- Buyers may request certificate by contacting AngusSource if one is not provided at the time of purchase.

For more information, contact AngusSource at 816-383-5100 or [angussource@angus.org](mailto:angussource@angus.org) or visit [www.angussource.com](http://www.angussource.com)

## Your Source for Guaranteed Angus!

Contact us today for Certified Red Angus value-added opportunities!

- Traceability to at least 50% Red Angus Bloodlines
- Source Verified to Ranch of Origin
- Group Age Verified

Red Angus

# Pro-Cow

Replacement females with all the right Tools!

Visit our website at [www.redangus.org](http://www.redangus.org) or call us at the RAAA National Office at (940) 387-3502 for more information today!

The Maternal side of any cow/calf operation collectively has a genetic impact equivalent to that operation's herd bulls. Additionally, their potential to affect producers' bottom lines through reduced maintenance costs is far greater.

The Red Angus Pro-Cow program was developed to assist commercial producers in capturing the added value of the superior Red Angus maternal genetics by:

- Promoting the maternal benefits of their Red Angus influenced replacements.
- Expanding marketing opportunities for the female half of their calf crop.

## What's in it for you?

- FREE listing of your replacement females on the RAAA website.
- Targeted promotion of the maternal benefits of Red Angus influenced replacements.
- Opportunity to merchandise replacements out of Red Angus, Angus Plus and Red Angus Hybrid/ Composite bulls.
- RAAA staff working with industry partners & existing markets to provide greater sales opportunities.
