Dear Fellow Beef Producers,

On behalf of everyone at Veltkamp Angus, I'd like to welcome you to our 5th Annual Bull Sale. I would also like to thank everyone who has helped make our past sales a success.

All of the bulls are current on their vaccinations, brucellosis tested, semen tested, and guaranteed ready to go to work. The bulls come with a first breeding season guarantee and free boarding until you are ready for them.

At Veltkamp Angus, we run our cows like any well managed commercial cow herd. This year I weighed my cows when I weighed my bull calves at the end of August. The cows averaged 1296 pounds. The bull calves averaged 709 pounds. This comes to 55% of their body weight. I feel that middle of the road is the answer. A big frame cow takes a lot more to keep around and has a hard time weaning off 50% of her body weight. A small frame cow eats less, but lacks the performance we expect of her.

Thanks and hope to see you at the sale!

Sincerely,
Darin Veltkamp

Last bull, thanks for taking the time to read my footnotes

Lot 80 30 Yearling Angus Heifers

These heifers are commercial purebred black Angus heifers, heifer mates to the bulls in the sale. They are open and ready to breed. They are current on all their vaccinations, including Bangs Vaccination and pre-breeding shot of Varashield 6 VL5. They will be sold as commercial heifers but I can register them for an extra \$75/head.

Lot 81 20 Yearling Angus Heifers

These are commercial black Angus heifers that we bought from the Flying S Ranch of White Sulphur Springs. In my opinion, one of the best cow herds around. A cow herd that weaned off 819 pounds steers this fall with no creep. These heifers are open and ready to breed with the same vaccinations as Lot 80. They are also aged and sourced.

All heifers will be sold on a gate cut basis of 5 or more head. If you are interested, I can take them home and AI them at your expense. Otherwise, I would like to deliver them as soon as possible.

Notes

Thanks for coming to the sale!
